BULGARIANS MADE GREEK MACEDONIA

Are Making Their Way Southeastward Toward the Aegean Seaport of Kavalla

GREEKS EVACUATE FORTS WITHOUT RESISTING

Serbian Army of 80,000 to 100,000 Men Has Landed at Saloniki to Reinforce the British and French Troops Already There—Only Artillery Bombardments Have Been in Progress on the French Front Around Verdun—Austrians Are Still on the Offensive Against the Italians, But Rome Reports Repulse of Infantry Attacks of the Enemy—Turkish Contingents Which Tried to Advance on the Caucasus Front Were Halted by the Russians.

The Bulgarian invasion of Greek Macedonia has reached the Demir-Hissar, and from that town forces of Bulgarians are said to be making their way southeastward toward the Aegean seaport of Kavalla, northeast of Saloniki.

Unofficial estimates place the number of the invaders at 25,000. Along the Struma river the Greeks have evacuated the forts of Rupel, Dragotin, Spatovo and Kanevo to the Bulgarians without offering resistance.

Coincidental with the Bulgarian invasion comes a report that the rejuvenated Serbian army—the ancient enemy of the Bulgarians—has landed at Saloniki to reinforce the British and French troops already there. This force has been variously estimated at from 80,000 to 100,000 officers and men. It was reorganized on the island of Corfu.

Only artillery bombardments have been in progress on the French front around Verdun. No infantry attacks have been made. Around Le Mort Homme, southwest of Verdun, and in the sector west of the Thiemoit farm, northeast of the fortress, the

bombardments have been violent. In the Aronne forest the French have captured craters caused by the explosion of German mines, and in Alsace have put down an attempt of the Germans to advance. In the region of Champagne the Germans Saturday night penetrated several points in the French line and took 100 prisoners.

Petrograd reports an attempt of the Germans in the Lake Dravitski region to start an offensive. The movement was stopped by the concentrated artillery and rifle fire of the Russians.

The Austrians are still on the offensive against the Italians in the region southeast of Trent, but Rome reports that wherever infantry attacks were made the Austrians met with repulse. On the Isonzo front at San Michele the Italians in mining operations destroyed Austrian trenches and took the defenders of them under their rifle fire as they fled.

Turkish contingents which tried to advance against the Russians on the Caucasus front in the region of Rivan-Douza-Dergals were repulsed by the Russians, according to Petrograd.

WOMAN'S DEATH RESULTS FROM RUNAWAY ACCIDENT.

Miss Jean Tatlock—One of Three Women Who Were Thrown Out.

Danbury, Conn., May 28.—Miss Jean Tatlock, aged about 40, of New York, died late last night in a hospital here as the result of injuries received in a runaway accident near Redding. She had been visiting at the summer home of A. F. Brinckerhoff, a New York artist, at Georgetown.

Accompanied by the Misses Mary and Ann Brinckerhoff, Miss Tatlock went to Redding last night to visit friends, making the trip in a carriage. The horse became frightened and ran away, the three women being thrown out into the roadway. Miss Tatlock's skull was fractured. Miss Mary Brinckerhoff is in a hospital suffering from minor injuries, while her sister is under medical care at her home.

Girl Drowned in Housatonic River.
Derby, Conn., May 28.—Margaret Manion, aged 13, fell from the float at the Yale boat house into the Housatonic river today and was drowned. Two companions with whom she was playing vainly tried to rescue her. The body was recovered. The girl was a daughter of Street Commissioner Michael Manion.

Eighth Cavalry Returns to Fort Bliss.
El Paso, Texas, May 28.—Two troops of the Eighth cavalry commanded by Major George T. Langhorne, returned to their station at Fort Bliss today after pursuing into Mexico the bandits who raided Glenn Springs, Texas, several weeks ago.

Bulgars Occupy Greek Ports.

London, May 28, 2:15 p. m.—At the French headquarters in the Balkans it was announced today that Bulgarians had occupied the Greek ports of Rupel, Dragotin and Spatovo, and were advancing from Demir-Hissar towards Kavalla. This information was received in a despatch from Athens to the Exchange Telegraph company.

NINE BISHOPS CONSECRATED AT SARATOGA SPRINGS.

M. E. Prelates Inducted With Impressive Ceremonies.

Saratoga Springs, N. Y., May 28.—Seven new bishops and two missionary bishops of the Methodist Episcopal church were consecrated this afternoon at an impressive service which was the most important event of the 27th general conference before final adjournment tomorrow.

The bishops consecrated and the station to which they have been assigned were: Herbert Welch, Seoul, Korea; Thomas Nicholson, Chicago; Adna Wright Leonard, San Francisco; Matthew W. Simpson, Hughes, Portland, Ore.; William Fitzjames Oldham, Buenos Aires; Charles Bayard Mitchell, St. Paul, Minn.; Franklin Hamilton, Pittsburgh.

The missionary bishops were Eben Samuel Johnson, Africa, and Alexander Priestley Camphor, the only negro chosen to the episcopacy this session, Liberia, Africa.

The conference is characterized by the delegates as one of the most important ever held, principally because of the plans adopted, which, it is believed, will lead to the unification of Methodist churches within four years, and perhaps by 1918.

PRE-CONVENTION EXODUS OF MEMBERS OF CONGRESS

For Preliminary Business Pertaining to Republican Convention.

Washington, May 28.—The pre-convention exodus of members of congress already has begun, many members of the house and nearly a score of senators having left Washington Saturday and today for preliminary business pertaining to the republican convention which will be held in Chicago next week. Democratic leaders will begin to disappear later in the week on political missions connected with the St. Louis convention which is to follow.

For many days the halls of the capitol have buzzed with political discussions, and leaders have encountered the most strenuous opposition in either house. Realizing that this difficulty will increase rather than diminish, extraordinary efforts are being made to expedite the session, which is not imperative until next Friday.

Important legislation that will require attendance of members during the week included a bill for \$241,000,000 naval appropriation bill in the house and the long-fought rivers and harbors appropriation bill in the senate. The house will end debate on the naval bill Friday afternoon and reach a vote before adjournment. It will then go to the senate, where the naval affairs committee will take it up late in June, after the conventions are over.

SERBIAN ARMY IN FULL STRENGTH AT SALONIKI

Said to Have Crossed Aegean Sea Without Loss.

Paris, May 28, 4:48 p. m.—After crossing the Aegean sea without loss, the Serbian army in full strength has landed at Saloniki, according to a despatch received today by wireless telegraphy.

Serbia's new army has been variously estimated at between 80,000 and 100,000 officers and men. It was reorganized on the island of Corfu, which is approximately 700 miles distant from Saloniki. The Serbian army totalled about 200,000 men at the outbreak of the war, but this force was greatly depleted as a result of an epidemic of typhus and by the engagements fought in an endeavor to check the Austro-German and Bulgarian invasions of Serbia and Montenegro. The remnant of the original army saved itself by retreating through the Albanian mountains to the eastern shores of the Adriatic. The survivors are reported in despatches from Mediterranean points to have included some of the best Serbian regiments.

PRESIDENT HADLEY IS TO EULOGIZE TIMOTHY DWIGHT

Whose Funeral Services Are to Be Held This Afternoon in Battell Chapel.

New Haven, Conn., May 28.—Final plans were complete tonight for the funeral of former President Timothy Dwight of Yale. The services will be held in Battell chapel at 3:30 o'clock and will be in charge of Rev. Dr. Benjamin W. Bacon, of the School of Religion. President Arthur T. Hadley will shortens a short eulogy. Interment will be in historic Grove Street cemetery, where his grandfather, Timothy Dwight, also a former Yale president, is buried. The honorary pall bearers will be President Hadley, Director H. H. Crittenden of the Sheffield Scientific school; Professor W. W. Farnham, Dean F. P. Wright, Professor E. S. Dana, Professor J. S. Weir and Henry T. Blake. The active bearers will be six of the younger university professors.

DUTCH SYSTEM OF FOREIGN REPRESENTATION

Causes Dissatisfaction Among Commercial Bodies in Holland.

The Hague, Netherlands, May 28.—Dissatisfaction among many commercial bodies in Holland with the Dutch system of foreign representation has led to a general advocacy of reforms by many foreign consular officials. Of the total of 730 representatives of the Netherlands abroad, only about 30, mostly diplomats, are paid officials. Of the remaining 700 honorary consuls, only 123 are Dutchmen, and there are nearly 400 who cannot even correspond in the Dutch language. The government is being urged particularly at this time to see that commercial interests are well represented abroad, that the Dutch manufacturers, traders and shipowners may be kept well informed on the needs and opportunities of foreign countries after peace is accomplished.

Hilles Outlines G. O. P Platform

INFORMATION OBTAINED FROM PARTY LEADERS.

WILL BE VERY BRIEF

Adequate Preparedness, a Protective Tariff and a Merchant Marine Will Be Three of the Prominent Planks—Divided on Woman Suffrage.

Chicago, May 28.—Chairman Charles D. Hilles of the republican national committee today expressed the opinion that the platform which will be adopted by the national convention next month will be unusually brief and deal only with the most important public questions. From information obtained from talking with party leaders on the subject, he believes the principle planks in the platform will include the following:

Some Planks in Platform.

A statement on Americanism. A statement on preparedness for adequate military and naval defense. A declaration in favor of a protective tariff to be prepared by a non-partisan tariff committee created by congress, with special attention to the needs of the industries of this country after the close of the European war.

Divided on Woman Suffrage.

A statement dealing with alleged shortcomings of the democratic national administration.

The National Congressional Union is the first organization to make formal application to appear before the committee on resolutions of the convention. It will urge republicans to insert a plank in favor of a suffrage amendment to the constitution and Chairman Hilles has promised the women a hearing before the committee.

The only other organization thus far to ask for a hearing is the Navy League of the United States, which will send a committee of 25 members by its president, Robert M. Thompson, to plead for a plank for the enlargement of the navy.

Probable Action of Progressives.

In speaking of the probable action of the progressive national convention, called to be held June 7 in Chicago, simultaneously with the republican national convention, Chairman Hilles said:

"I imagine everybody assumes that the progressives will nominate Roosevelt for president. If the convention decides to go straight forward, sincere, ringing declarations of the vital public questions now being discussed and nominates a man clearly superior to the republican nominee, I think the next president will confront the next president. Roosevelt might not think there would be any need of his entering the arena. But if the republicans nominate a man who Mr. Roosevelt thinks is a mistake and adopt a platform which he regards as 'bunk' he may feel so outraged as to run and perhaps help to recast President Wilson."

NEW OFFICE CREATED BY NEW HAVEN ROAD

J. O. Halliday Superintendent of Transportation Department.

New Haven, Conn., May 28.—The office of superintendent of transportation of the New Haven railroad, created by the New York, New Haven and Hartford railroad, it was announced here today, J. O. Halliday, who was assistant general manager, has been appointed to the new position and will assume his duties in a few days.

Mr. Halliday, whose work will cover the movement of passenger and freight trains, preparation of train schedules and the movement of passenger and freight trains, will have several assistants. Division superintendent and the mechanical superintendent will have their orders from him.

PETROLEUM HAS BECOME SCARCE IN GERMANY.

Imports of American Oil Cut Off by the British Blockade.

Zurich, Switzerland, May 28.—With imports of American oil cut off by the British blockade, petroleum supplies in Germany have been unable to supply the demand, and the situation created by these conditions accounts for the German government's 1915 report of the German Petroleum company, just issued. These profits amounted to nearly \$6,000,000, or a return of 65 per cent on the capital. Dr. Hildebrandt, president of the company, said that the company had a dividend of 20 per cent, as compared with 12 per cent, in 1914, when the profits were \$1,925,000.

WAITE WANTS NO APPEAL MADE IN HIS BEHALF.

Convicted Dentist Says He is Satisfied With the Verdict.

New York, May 28.—A declaration that he wants no appeal in his behalf was contained in a statement issued from his cell in the Tombs today by Dr. Arthur Warren Waite, convicted Saturday of the murder of his father-in-law, John E. Peck, of Grand Rapids.

"I am satisfied with the verdict," he said, "and don't want any appeal made by Walter R. Deuel (Waite's chief counsel) or any one else. I am willing to take the punishment for my ill-deeds and the quicker that punishment comes the better."

Waite is produced commercially in eight states North Carolina leading in the industry.

Internal Revenue to Net Half Billion

FOR THE FISCAL YEAR ENDING JUNE 30, NEXT.

EXCEEDS ALL ESTIMATES

Volume of Money Pouring Into the Treasury Has Steadily Increased Since Last Fall—Great Business Boom Largely Responsible.

Washington, May 28.—Half a billion dollars will be the government's internal revenue tax toll for the fiscal year ending June 30 next, according to a statement issued today by Secretary McAdoo. This sum, which Mr. McAdoo says exceeds by many millions all previous estimates, will be made up substantially as follows:

The Greater Sources of Income.

Taxes on whiskey, beer, cigars, cigarettes and tobacco, \$205,000,000. Taxes on the incomes of individuals and corporations, \$115,000,000. Emergency tax collections, \$35,000,000.

Money Pouring Into Treasury.

The volume of money pouring into the treasury has steadily increased month by month since last fall until it is now greater than at any time since the effects of the war began to be felt. Mr. McAdoo accounts for the situation as follows:

Business Boom Responsible.

The great boom in business is largely responsible for the increase in receipts from ordinary internal revenue. The prosperity of the country with the attendant wider scope of employment and increase in wages, has, in itself, resulted in a larger consumption of taxable articles, greatly augmenting the government's revenues.

Whiskey Increased—Beer Decreased.

Consumption of whiskey, cigars and cigarettes and tobacco has increased, according to revenues received, while consumption of beer has decreased during the fiscal year. For the first ten months of the fiscal year, receipts of taxes on cigars, cigarettes and tobacco increased \$5,051,121 over the corresponding period of a year ago. This is due to the more effective enforcement of the revenue laws on distilled spirits and the decrease in the current year increased \$20,013,140 over the corresponding period of a year ago.

Beer Only Article Showing Decrease.

The only article of taxation showing a decrease is beer. Because of the relatively low tax on fermented liquors and the difficulty of getting untaxed beer on the market, the commissioner says that the loss in tax on beer, on account of fraud has been negligible and that the decrease is due principally to the increase in the prohibition law.

Cost of Collection 1.45 Per Cent.

It is estimated that expenditures for the revenue appropriation for the fiscal year ending June 30 next will be \$3,000,000,000, and even if the cost of collection will be 1.45 per cent, the lower rate of the internal revenue service. If the collection amount to \$500,000,000 the cost of collection will approximate 1.44 per cent.

CARRANZA NOTE SHOULD REACH WASHINGTON TODAY

Personal Messenger is Bringing the News.

Washington, May 27.—The Mexican embassy here had information today that General Carranza's personal messenger bringing the new note to the United States should reach here early tomorrow. Eliseo Arredondo, the Mexican ambassador-designate, may deliver the communication tomorrow. Otherwise its delivery will probably be postponed until Wednesday, government offices being closed Tuesday.

NEW HAVEN PATROLMAN SHOTS A FLEEING YOUTH

The Boy Refused to Stop at Mts Command—Victim Claims Innocence.

New Haven, Conn., May 28.—Patrolman Daniel Halpin of the Howard Avenue precinct station, early this morning shot and seriously wounded Luigi Ricchetti, aged 18, when the latter refused to stop at his command. The youth and a companion started due west when the policeman ordered them to stop. After a chase of several blocks Halpin fired his revolver, the bullet striking the boy back the life in a hospital with a change for recovery. The boy claims to be innocent of any wrongdoing.

PRINCE CHING OF MANCHUS IS OVER 80 YEARS OLD.

Was Premier in the Chinese Cabinet in May, 1911.

Tien-Tsin, China, May 28.—The famous old Manchu, Prince Ching, celebrated his eightieth birthday in Tien-tsin last month. President Yuan sent four of his personal attendants to visit the prince, and give him valuable presents.

Prince Ching, who has been a member of the Manchu, Prince Ching held many important offices, and was premier in the Chinese cabinet established by imperial decree in May, 1911. He was dismissed from the premiership and appointed president of the civil privy council late in the same year. Upon the abdication of the Manchus, he retired into private life and now resides here.

Record Trip Made For a Sedative

FOR JAMES J. HILL, PIONEER RAILROAD BUILDER.

IS NOW CRITICALLY ILL

Special Train Made Run of 431 Miles, Chicago to St. Paul, in Eight Hours and Three Minutes—Sedative Was Not Used.

St. Paul, Minn., May 28.—James J. Hill, critically ill at his residence here, passed a restless, unsatisfactory day. While the pioneer railroad builder's pulse was good, his temperature was intermittently the patient was unconscious. Members of the immediate family, together with the surgical and medical staff gathered in St. Paul during the last few days, kept in almost constant touch with Mr. Hill's bedside, while a number of business associates were on hand much of the day.

Priests Hurry to Hill Mansion.

Shortly after 1 o'clock this afternoon, Rev. Father Thomas J. Gibbons, vicar general of St. Paul archdiocese, and pastor of the St. Paul Cathedral, hurried from the great cathedral mass, where he had been saying mass, to the Hill mansion, just a square up Summit avenue. At this time it was reported that Mr. Hill had suffered a slight sinking spell and that members of the family had been called to the sick room. At 4 o'clock it was said Mr. Hill had rallied. His pulse was reported better, but a high temperature continued. At 8 o'clock tonight, the patient's temperature was reported unchanged.

Visitors Came Away Graved.

Throughout the day men prominent in railroad, business and professional circles called at the Hill mansion to pay their respects. Many of them came away grave, uncommunicative.

Louis W. Hill, president of the Great Northwestern railroad, threw open his residence next door to the corps of doctors and surgeons and their assistants. From the beginning of his father's illness nearly 12 days ago, he has been indefatigable in his efforts to assist the surgeons in their work.

One of the physicians in attendance upon James J. Hill intimated that a certain infrequently-used sedative might be of some possible slight benefit to the patient. Other doctors present questioned the possible efficiency of this medicine and, as added argument against the use, stated that none of it could be obtained at any point nearer than Chicago.

Special Train Sent for Sedative.

Louis Hill chanced to overhear this conversation of the doctors. Instantly he directed his secretary to call by telephone a firm of pharmaceutical chemists in Chicago and ascertain if a supply of this sedative could be obtained there. When affirmative reply was received, Mr. Hill ordered a special train on the Chicago, Burlington and Quincy railroad to bring the sedative to St. Paul. It arrived here at 3:21 o'clock last night, having made the trip of 431 miles in eight hours and three minutes, at an average speed record of 54 miles an hour. Railroad men stated that this shattered all speed records between Chicago and St. Paul. The trip surpassed the record set December 23, when Dr. B. W. Sippy of Chicago was brought to the bedside of the late Thomas E. Shepley at Minneapolis on a special train over the Chicago, Burlington and Quincy Railroad in eight hours and fifty-seven minutes.

Surgeons Decided Not to Use It.

When the sedative was delivered at the Hill residence, the surgeons had decided not to avail themselves of it. All traffic, both passenger and freight, on the Burlington between St. Paul and Chicago, has been sidetracked to give the right of way to the Hill special.
